## RAYTRACK UNBOXING

These are the items you will find when you have acquired your raytrack device.

1. Raytrack device

2. Raytrack user manual

3. Raytrack card

**ASSEMBLY**

# 1

## RAYTRACK ASSEMBLY

Follow these steps to assemble your Raytrack device on your Rayvolt bike.

1. You have to place the Raytrack device inside the tank.

2. Proceed to unzip the tank cover.

3. Remove the screw in the top center of the tank.

4. Now you'll be able to remove the plastic plate and access the left side of the tank.

5. You will find several cable connections here. Be sure that you are taking the correct red cable.

6. Finally, connect the tank cable with the Raytrack device cable.
